Dear Governor:

I voted for you because I know you are concerned about NC's residents and their health. "We don't need no stinkin' pipeline in our state." It's past time to phase out fossil fuels and support cleaner energy sources. There are jobs to be had in the solar and wind energy industries. Let's make sure NC becomes a leader in these industries that will take us into a clean, healthy future. Pipelines are history.

Thank you for your caring and for your efforts.
